

## AT505 3-IN-1 CARRY-ON TROLLEY - PVC FREE

- The whole bag is made from environment friendly materials without any pvc
- Lightweight, compact and ultra-portable Carry-On Wheeled Backpack
- Special built-in, high-density foam structure helps maintain the bag's shape while minimizing weight
- Padded backpack straps stow behind the main compartment's zippered padded back panel
- Main compartment has book-style opening, interior clothing hold-down straps and one large mesh pocket
- Removable front day pack with padded backpack straps, deluxe organizer, zippered accessory pocket, water bottle pocket, MP3 player headphone port and has a back strap to allow pack to slip over the extended handle of main bag
- Tow-strap for attaching an extra bag
- Custom ID holder hides-away in a back pocket
- Recessed, telescoping aircraft aluminum handle system with locking mechanism
- Inline skate-style wheels, in protective corner-mounted housings with a unique integrated bridge that keep the bag rolling true
- Kick plate between the wheel housings protects the bag from abrasion
- SURE-GRIP handles tuck down flat when not in use
- 25 years warranty
